

SCRAP YARN SCRUBBIE

In collaboration with Falkgarn by @crochetbypani

You'll need: Your Falkgarn Julie scrap yarns, stitch marker and a yarning needle.

Hook: size 4 mm

A little information: In this make you will be using scrap yarns, which means you have to attach a new yarn when it's needed. You do this the way you prefer but I make my yarn change when making double crochet or half double crochet. When you have three loops on your hook, simply take your new yarn to finish your dc or hdc.

how you change yarn in a hdc.

Please follow the instructions for washing on the yarn label.
